ONE CENT

AEROPLANE MANUFACTORY TO BE LOCATED IN THIS VALLEY

**Elizabeth to be Location of KEEP MARRIAGE SECRET MORE
New Industry Preparing THAN MONTH; ADMIT IT NOW
War Materials**

PROPERTY IS PURCHASED

Site and Buildings of Old National Safe Company Taken Over by Pittsburghers, \$40,000 Being Paid—Plans Outlined for Work.

An aeroplane factory for the manufacture of aircraft chiefly it is understood for the Allies in the world war is to be located in the Monongahela valley at Elizabeth. The old National Safe company holdings at Elizabeth have already been purchased and with some remodeling and installation of proper machinery, a dream of a new industry of a new sort will become a reality.

The property to be used for the manufacture was purchased within the last few days by S. E. Scott of Pittsburgh and his sister, Emma D. Scott, the price paid being \$40,000. Immediate possession was taken. Inspections of the boilers and other machinery proved the necessity of the installation of new.

The new company will manufacture aeroplane, light automobile trucks, finish shrapnel, etc. Already it is asserted the company has contracted to supply the Allies with a large number of aeroplanes. Rumor places the number at 200 a month, but this may be a slight exaggeration. Officials already on the ground include the foreman of the entire plant, the foreman of the automobile department and the general salesman.

SCHOLASTICS MAY MEET THE VALLEY LEAGUE CHAMPIONS

The Charleroi Scholastics have issued a challenge to the winners of the Monongahela Valley Basketball League and it will be accepted according to the latest report. A series of three games will be arranged and some real basket ball will be assured the fans. The Scholastics are considered the strongest amateur club along the river and many clubs have been beaten by an overwhelming score. Scott and Wisckerham are a fast pair of forwards hard to beat in amateur circles. Bert Wilson or Adler will be found at center both being fast and good shots. Henry Lowstuter, E. Lowstuter and Black will do the guarding. The Scholastics are anxious to arrange a game with the local high school.

CHARLEROI POSTOFFICE REPORTS HEAVY RECEIPTS

At the Charleroi postoffice Postmaster J. K. Smith is reporting for February the best month in point of receipts the postoffice has ever had, except during the holidays. The total receipts were \$1,623.03.

DYNAMITING PROVES ENTIRELY USELESS

**Few Fish Disturbed Sunday and That is All When Effort
is Continued to Raise Bodies of Four Men From
Bottom of River**

The final dynamiting for the bodies of the four colored men drowned in the Monongahela river near Third street last Saturday night was done Sunday, without results. Though several blasts were set off in the water at different points there was not the least indication of a body. Now it is expected that when the bodies do come to the surface it will be much farther down the river. People along both shores have been asked to keep a lookout. As on Friday the dynamiting was in charge of policeman George W. Corey, With others he went as far down river as the Charleroi-Monessen bridge exploding blasts frequently. A few fish were killed, but that was about the only noteworthy result.

PLANS FOR NEW LINE TO COUNTY RECORDED

Railroad Construction Proposed Between Wellsburg, Wheeling, Bethany and Washington—Surprise Created by Selection of Route.

The plat of the Wellsburg and Eastern Railroad company was put on record in the clerk's office of the Brooke county court in West Virginia Saturday. H. O. Wells is president of the corporation and Neil Moreland is its secretary.

Surprise was created at Wheeling when the plat was disclosed that the line would not follow the survey of the old state line railroad but would parallel the route.

The drawing of the new road shows that it will top the Pennsylvania line at Wellsburg about 1,000 feet northward from the old line, which was started up Buffalo creek, about ten years ago.

The route of the Wellsburg & Eastern will follow the Buffalo creek to Bethany. Its station at that town will be on the McBroom farm, across the creek from the college town. From thence the road leads to Washington, Pa.

The plat of the railroad shows that two tunnels will have to be driven through the hills between Wellsburg and Bethany. One of the tubes will be 1,000 feet long and the other 1,200 feet.

Orvin Koller of Wellsburg will be one of the engineers who will project the new railroad.

Valuable coal lands and rights of way were secured all along the route of the new railroad some time ago.

It is generally understood that the Pennsylvania system is back of the project and will build the road.

"FIGHTING BLOOD" AT THE COYLE TONIGHT

The William Fox feature "Fighting Blood" with William Farnum in the leading role will be the attraction at the Coyle theatre tonight. With the announcement of William Farnum appearing it is unnecessary to say more. The story is sure to be full of action, and this well known portrayer of heroic roles is a Charleroi favorite. The plot is laid in the mountains of Kentucky, and deals with the element usually found around Kentucky lumber camps.

You get Free Movie Tickets with Liberty bread and cakes at Clark's Grocery, Fifth and Washington.

MUCH DANGER LURKS IN MEASLES ATTACK

Parents Advises to Guard Children Against Exposure After Disease Has Apparently Run Its Course—General Warning Given.

That considerable danger lurks in exposure after an attack of the measles is the opinion of the health authorities, with the result that a warning is being issued similar to that being put out in Pittsburgh by Dr. J. F. Edwards, director of the Department of Health. In Charleroi there are now nine cases of measles. Others are suffering from the after effects due partly to exposure too soon after the worst of the disease had departed.

"It is wrong for parents to expose their children to measles; they run the risk of killing them or of weakening their bodies for life," the warning goes.

Another warning against catching cold, failure to properly ventilate the home and to look out for pneumonia is given.

March, it states, is known as the pneumonia month of the year and the many wise and simple precautions against contracting this fatal malady which have given the public from time to time are reiterated.

People are advised to strengthen the body's defenses by having a defective nose or throat treated in time by keeping the skin hardened through cold baths, plenty of exercise for the circulation, lots of fresh air for the lungs and by wearing loose and porous clothing.

Regarding measles it is stated that it is one of the most dangerous of all diseases to children.

PRE-LENTEN EUCHRE TO BE HELD AT THE LYCEUM

Committee in Charge Secure Attractive Favors—Affair for Benefit of Church.

Tonight at St. Jerome's Lyceum the annual pre-Lenten euchre will be held for the benefit of St. Jerome's church, and from the interest being manifested in the preparations for the affair, a large crowd will be on hand to enjoy the playing. Arrangements are in the hands of Mrs. P. Connelly, Mrs. A. N. Keifer, Mrs. James O'Hearn, Mrs. William High and Mrs. John Maines, who have secured attractive favors to be given tomorrow night at Night's Auditorium the Young Ladies' Sodality will hold a dance.

PITTSBURG & LAKE ERIE NOW DOUBLE TRACKING ITS LINES

**FIRE DEPARTMENT CALLED OUT
BY ALARMS FROM NINTH STREET**

Chimney Sparks Attract Attention Saturday—On Sunday Couch Fire Results in Alarm.

An alarm of fire Saturday afternoon called the fire department out. Saturday afternoon a hurried run was made with the fire truck to Eighth street. Upon arrival it was discovered someone had seen chimney sparks and had turned in the alarm. The fire, such as it was, was reported out.

Sunday afternoon a couch at a home of Mrs. Jennie Brunelle living at 923 Fallowfield avenue became inflamed from a spark. The alarm was sounded and the fire department made a quick run to the home. No damage was done except to the couch, which is being practically destroyed.

CHAMPIONSHIP GAMES COMING

**Charleroi and Washington
High Schools to Fight for
Basketball Title**

ATHLETICS IN GOOD SHAPE

Washington and Charleroi, the two largest high schools in the county will contest this spring for the Washington county high school basketball championship, with the first game being scheduled for the coming Friday on the Charleroi floor. If Charleroi wins the championship games it will make its third successive season in a championship role. Washington is hopeful of breaking the slate.

The four leading aspirants for the championship this year were Canonsburg high, California Normal, Washington and Charleroi. Canonsburg and California Normal after defeats are no longer considered.

Charleroi high this year has won games from such sterling teams as Latrobe, Johnstown, Monessen, Donora, California Normal, Canonsburg and Carnegie Tech Industrials. Washington's victories have been as numerous.

Never were athletics better organized than now in Charleroi high school. The governing body is an athletic association consisting of three members of the school board, the school superintendent, the athletic coach, the principal of high school and a representative from each class. There is a student manager and an assistant student manager. The high school principal is the one in active charge, but the coach is answerable for the training of all teams. Good class standing is absolutely necessary before any student can engage in any game as a high school representative. Letters of merit are given to those winning them by the school.

Last week a musical entertainment was held by high school with the purpose in view of raising funds for better equipping the school gymnasium with apparatus for both boys and girls. The high school students have undertaken the work of furnishing the equipment.

**Connecting Link Between
Fayette City and Perryopolis Growing Important**

FAYETTE CITY HAS VISIONS

Up-River Town Considers Prospects Of its Becoming Main Line Railroad Center—Yards There May Be Enlarged

With the beginning of activity on double tracking the Pittsburgh & Lake Erie lines from Fayette City to Perryopolis to connect with another line stretching from Connellsville, Fayette City people have visions of that town becoming a railroad metropolis along a main line. The old talk of through service by way of the Monongahela valley to Connellsville and thence over the Western Maryland to Maryland points south and east is being revived.

A large force of men has been put to work grading for the double tracks between Fayette City and Perryopolis, and even bad weather is not being permitted to discourage activity.

Eventually the short cut from Fayette City to Connellsville and the seaboard cities will be double tracked from Fayette City to Whitsett Junction, it is stated, where connection is made with the Youghiogheny river division. This cutoff built but a few years ago has done much toward putting Fayette City "on the map" throughout the world of transportation. At the present time hundreds of carloads of all kinds of manufactured stuff is taken through by way of the Fayette City junction, both east and west.

In addition to the big improvements now going on toward Perryopolis, the Lake Erie it is stated has under contemplation other improvements fully as important and with as much significance in the enlargement of their Fayette City yards.

Entered in the Post Office at Charleroi, Pa., as second class matter.

SOME REASONS WHY.

In seeking the causes of the strike and advancing costs of living, says the Philadelphia Record, newspaper men of current news often throw interesting sidelights upon the problem. Take, for instance, the statement of the vice president of the United Mine Workers' of America that his organization aims to secure a "four-day working day for its members, not the pay, of course, that has been given to an eight or ten-hour day. Output is to be diminished, but the cost of production is to be maintained. The burden of the increased cost of coal under such conditions would fall naturally upon the general public.

Of a piece with such a statement is that of a popular lecturer, a so-called publicist that in order to keep up the enthusiasm of public school teachers they should be given every third week as a vacation. This would necessarily involve the employment of one-third more teachers at the taxpayers' expense. And why confine this beneficent reform to pedagogues? Why should not everybody dawdle away a third of his working time in order to keep his mind fresh and alert? Let the other fellow pay for this loss of production in high prices for everything.

A popular movie star has just signed a contract (according to his new employers) by which he is to receive \$520,000 a year or seven times as much as the president of the United States. President Schwab of the Bethlehem Steel Corporation, says he is glad to give bonuses of half a million or a million dollars to faithful employees. In New York, according to the committee, the presidents of traction companies, though liberally compensated, demand bonuses of \$100,000 to \$150,000 for extra services.

Is it any wonder that the cost of living keeps jumping? Lots of workers want to loaf most of their time, and others seated in high places exact princely rewards for their precious time and brains. Between the two extremes the great mass of the American people have to grin and bear it as best they can.

Writing anonymous communications to the police department is about as sensibly a thing as giving a Chinese dictionary to a Russian who cannot read in any language. And results obtained are just about the same. Not much credit is to be given the man who is unwilling or afraid to sign his name to a complaint. If he is to be seriously considered he must show enough backbone to let himself be known.

Charleroi presents today nothing of the appearance it did twenty-six years ago when a venturesome number gathered on the windswept hillside to participate in the first lot sale. In lieu of a business block in the center of the site was a haystack. Buildings were conspicuous because of the lack of them. But now instead of a haystack and bleak landscape we now have neatly paved streets faced by row upon row of fine residences and pretentious business blocks. Twenty-six years has accomplished it. Thinking back over this brief span and contemplating the achievements which have been wrought one is moved to wonder. Charleroi is a substantial town of bright prospects and not one which will go back.

Quite a compliment is paid the Charleroi school system by the invitation to a principal to describe before the teachers of Cincinnati the methods of teaching the subjects of reading. It is unusual that a town or city so small, relatively, receives a distinction like this. Cincinnati admits it can learn from Charleroi's example and in a sportsmanlike manner asks to be shown.

PICKED UP IN PASSING

The talk in the smoke room had turned upon personal risks and the big man with the loud voice had just related some veracious adventures and hair-breadth escapes which had happened in the course of his career.

Suddenly a quiet little man who was sitting in a corner spoke up.

"Only this morning," he remarked, "as I was engaged in the ordinary course of my business, a boiler, weighing several tons, came hurtling

through the air within a few feet of my head!"

There were many exclamations of horror and the big man turned to the speaker with increased respect.

"You are engaged in the engineering profession. I presume?" he inquired.

"No," said the little man: "I am engaged as a ticket collector, and the incident I refer to occurred when I was standing on the platform of our station and the Atlantic express went through."

And in the silence which followed the big man let his cigar go out.

The sentimental bride at a fashionable seaside resort watched the sun set in rapturous silence.

Then she murmured—

"See, George, darling how phosphorescent!"

"It's no wonder," responded the matter-of-fact bridegroom, "when you think how many matches are made in this place."

ELECTRIC SPARKS

Getting down to facts it is rather queer that any lecturer should treat his lecture on "Preparedness" unpreparedly.

The preacher who used to boast he did not prepare his sermons until he entered the pulpit is now looking for a job.

"Somewhere in France;" "Somewhere in Germany;"—some of these days they'll be talking of the war somewhere where the most of us prefer not to be.

"Trolley Committee Meets With Howling Success"—Headline in Monessen Independent. Holy Smoke! Have they gone into the business of holding sleepy infants for Monessen mothers?

CHARLEROI LOSES TO CALIFORNIA NORMAL

High School Lads Complain of Poor Refereeing—Game Fast And Exciting in Spite of Trouble—Mills is Leading Scorer.

Nearly everybody from Charleroi who attended the basketball game with California Normal on the Normal floor Saturday night came home warm under the collar. The cause was the unparliamentary tactics claimed to have been indulged in by Referee Wilson of the Normal and the result was a 32 to 29 defeat for the Charleroi lads.

While the game might not have gone otherwise, it might since the score was so close, hence Charleroi lads are muttering dire things about the referee. This official is asserted to have conducted a style of play to have allowed things to be brought to pass favorable to the Californians that would have disgusted a prince of peace.

At the end of the first half the score was 17 to 15 favor California. Charleroi was playing hard though and was in the game to win in spite of a decided chilliness on the part of the referee. The game was hotter than blazes the remaining part of the struggle.

Mills was the leading scorer of the evening, tallying 22 of the 32 California points. For Charleroi Fiedler tallied in scores, but in his foul shooting

was somewhat off color which fact troubled Charleroi considerably.

Lineup: Charleroi—29 California—32

Fiedler F Crispin

Lowstuter F McVicker

Ryland C Mills

Stahlman G Black

Miksch G Smith

Field goals—Fiedler 2, Lowstuter

3, Ryland 3 Stahlman 3 Crispin 3,

McVicker 2, Mills 3, Fouls—Fiedler

7 of 21, Mills 16 of 23, Referee—Wilson.

QUESTIONS MENTALITY OF BROTHER WHO MADE WILL

Carnegie Man Thinks He Should Have Been Left More Than Overcoat And Two Coats.

John Halpin of Carnegie who was cut off with a bequest of an overcoat and two suits of clothes, has filed a contest against the will of his brother, Stephen Halpin, late of Washington, alleging that when the will was drawn Stephen Halpin's mentality was impaired.

Mr. Halpin left \$50 to the Knights of Columbus of Washington to provide a big painting of Halpin for the club rooms; \$500 for a monument; \$500 to Rev. M. J. Hughes of the Roman Catholic Church of the Immaculate Conception of Washington; \$1,000 to a brother, Timothy, in Ireland, for the repair of the graves of their parents there and for the saying of masses for them.

Helen Carroll of Pittsburgh is given \$1,000; a house and lot in Carnegie are given to Mrs. Mary Carroll of Pittsburgh and \$1,300 to Mrs. Johanna Dillin also of Pittsburgh. Halpin's estate is valued at \$75,000.

STATE COMMISSIONS NUMEROUS POLICEMEN

Private Factories and Industries Hiring Special Officers—Many Seeking Employment Who Have Been Sailors or Soldiers.

Increasing activity in industrial plants and about the railroads, coal mines and big contracting operations is causing a jump in the number of applications being made at the capitol at Harrisburg for commissions for special policemen, but not all of the permits applied for are being granted. There is a disposition at the capitol to be very careful in conferring authority of the state as special policemen unless the men are well vouched for.

In the last week or so commissions have been granted for probably two dozen special policemen in iron and steel works, factories and coal mines in Allegheny, Washington and adjoining counties, a number of the applicants being men whose commissions had expired. Several others were refused.

Most of those who seek to become officers are former soldiers or sailors and many former state policemen have been going to the big factories about Pittsburgh as special policemen.

W. C. T. U. Will Meet.

The regular meeting of the W. C. T. U. will be held tomorrow afternoon at 2:30 at the home of Mrs. James Dawson on Lookout avenue.

RECONSIDERATION OF THE SUFFRAGE BILL ASKED FOR

National Woman Suffrage Association Says Judiciary Committee Should Vote Again

Washington, D. C.—The cause of woman suffrage will not suffer because of the action of the House Judiciary Committee in voting to postpone until next March the consideration of the constitutional amendment for equal suffrage.

This is the outstanding feature of the new taken by officers of the National Woman Suffrage Association of the recent action of the Judiciary Committee. This and other important features of the bill are discussed in a statement issued by Mrs. Pankhurst.

"In considering the postponement of final action on our suffrage amendment," said Mrs. Pankhurst, "it is necessary to understand at the outset that what we want is not merely a VOTE in the Judiciary Committee and in Congress. What we want is favorable action by both the Committee and Congress. The action of postponement is, of course, open for a reconsideration by the Committee, and the Congressional Committee has already taken steps toward that end."

"Postponement by Committee is not defeat of woman suffrage. It must also be emphasized that there were votes enough in that particular meeting of the Judiciary Committee to have buried our amendment for two years instead of merely delaying committee action."

"It speaks volumes for the cause of equal suffrage when men in Congress who are avowedly opposed to it refuse to defeat it, and it is but just to refer to that phase of the matter, especially when at least four members of the Judiciary Committee who favor suffrage were known to be unable to attend the meeting."

"In the meantime the policy of our Association toward securing the enactment by Congress of legislation for equal suffrage remains unchanged and our work both in Washington and in the states will be pushed with unabated vigor."

KANSAS LURES N. Y. WOMEN

Suffragists May Register as Voters, Mrs. Blatch Writes Gov. Capper

Topeka, Kan.—New York women may come to Kansas to register as voters this year, according to a letter made public by Governor Capper from Harriot Stanton Blatch, president of the Woman's Political Union.

"It is the intention of some of us," Mrs. Blatch wrote, "after having worked for so many years in the State of New York for our enfranchisement to qualify as voters in one of the suffrage states in the West."

The letter inquired whether women who qualify in Kansas may spend part of their time in the Iowa campaign. Iowa will vote on woman suffrage in June.

The New York women will be informed by Governor Capper that they need not necessarily remain actually in the state for six months preceding an election provided that they state their intention of qualifying.

SENATOR SHEPPARD ON AMENDING CONSTITUTION

In a recent address delivered before the Methodist congregation in Washington, Senator Sheppard said: "Nothing could be more inaccurate than the contention that the prohibition and suffrage amendments to the federal constitution involve a violation of state rights. The states reserved to themselves the right to amend the constitution by a vote of three-fourths of their number. In reserving this right they retained to themselves ultimate sovereignty over the federal government. The prohibition and suffrage amendments were made to enable the states to exercise this right. Therefore, the supporters of the amendments are the real friends of state rights, while the opponents of the amendments are in reality standing between the states and one of the most fundamental rights they possess."

This opinion, coming from a Senator from Texas, indicates the growing nationalization of thought in the southern part of our country.

SUFFRAGE AMENDMENT WINS

Oklahoma House Passes Resolution Which Now Goes to Senate.

Oklahoma City, Okla.—A joint resolution authorizing the submission of a female suffrage amendment to the state constitution was adopted by the Oklahoma House of Representatives.

The vote was 42 to 15. Should the resolution be adopted by the Senate the amendment would be submitted to the electorate in August.

MILITANCY IN NEW GUISE

Mrs. Pankhurst Now Aiding Government She Fought.

Reading of Mrs. Pankhurst's standing with Lloyd George to review the great procession of 50,000 women which her society had organized—a procession to show the women's enthusiastic willingness to make munitions, or to render war service in any way in their power—being to mind irresistibly the pictures which show a group of the most inconspicuous animal driven to stand together on the highest point of a rock by a rising flood. It is the rising flood of patriotic feeling that has brought about this strange conjunction. For Mrs. Pankhurst and the British government have been at sword-point. Now she is one of the government's most powerful allies and in constant demand to speak on the same platform with the highest legislative civil and military. Her present attitude is a disappointment to some of her friends a joy to others and a surprise to many. It is natural enough, however, Mrs. Pankhurst is inherently a fighter. She thinks it imperative for the welfare of the world that her country should win in this war, and she has thrown herself into the struggle, heart and soul.

MEXICAN WOMEN WANT VOTE

Republic's First Woman's Congress Petitions Carranza.

Mexican women are demanding the right of suffrage.

In the first woman's congress held in the republic women of Yucatan have declared Mexican women the equal of men in intelligence and entitled to hold office and to share in all political activities. The Mexican suffragists call on women throughout their land to join in the demand.

The demand of the women was received at El Paso, by Andreas Garcia, Mexican Consul for transmission to General Carranza.

Women As Street-Cleaning Inspectors.

Because women are the only persons who know how to clean house, Street Commissioner Fetherston of New York City, is going to permit five of them to get on his street cleaning force and see what they can do at cleaning up the large dirty-faced city of Greater New York. New York is nothing more than a large private house, remarked the commissioner, and as women are natural housekeepers and also trained house cleaners, he expects better results from them than from an entire board of men. Women have been saving for a long time now that municipalities are only extensions of homes and private houses. Their contention for positions in the great modern civic movements is based upon the fact that here women are only fulfilling the same duties on a large scale which for generations they have been fulfilling on a small scale. Women believe that they can make good in such positions. These five inspectors from New York City will be watched with considerable interest by all those who have faith that this is a most natural and wise step for Commissioner Fetherston to take.

Proximity Did It.

The prairie districts of Canada, Manitoba, Alberta and Saskatchewan are presenting bills for woman suffrage. "It may be," says an English paper, "because the intercourse of Manitoba and Alberta with the enfranchised states of the Union is so close that they have been won over to suffrage by seeing it in practice." In Manitoba a government woman suffrage bill has been drafted, while a similar bill is being drawn up in Alberta. Suffragists confidently believe that women will win equal suffrage rights in those two provinces within a few months. There are also good hopes for suffrage in Saskatchewan. It is expected that Dominion Franchise will automatically follow the Provincial vote for the women of Manitoba and Alberta, as in any Province all those people vote for the Dominion Parliament who are qualified to vote for their own Provincial Parliament.

Marchioness of Aberdeen Greeted.

The Marchioness of Aberdeen, veteran suffragist and leader in women's movements on both sides of the sea, was feted by the suffragists of Tarrytown on Friday evening, February 4. She was the guest of honor of Miss C. E. Mason, of the Castle School of Tarrytown and the Equal Franchise Association of that city presented her with a great basket of yellow flowers, roses and pansies, in acknowledgment of her long devotion to the cause of woman's enfranchisement.

Illinois Woman Wins as Mayor.

The first woman mayor in Illinois is Mrs. A. B. Canfield, seventy-four years old. She is chief executive of Warren, whose population is about 1,500.

The new woman mayor cannot be accused of seeking office for the salary offered, for the position of mayor brings only \$12 a year. Mrs. Canfield has lived in Warren thirty-four years. During the last twenty-four years she has conducted a millinery store. She is a lineal descendant of John Quincy Adams, a member of the State Suffrage Association, the W. C. T. U. and the Methodist Episcopal Church.

PUDDINGS FOR COLD WEATHER

Seasonable Desserts That Will Call Forth the Appreciation of Guests and the Family.

Tapioca Pudding.—Soak one cupful of pearl tapioca over night in one quart of water. In the morning pare and core six tart apples or peaches. Stew them slightly and lay in a deep baking dish. Add sugar (and a little lemon juice if apples are used) to the tapioca and pour it over the fruit. Bake until the tapioca becomes like jelly and eat either hot or cold with or without sugar and cream.

Chocolate Pudding.—Heat a quart of milk with four level tablespoons of grated chocolate, and three level tablespoons of cornstarch dissolved in a little cold milk, a pinch of salt, and sweeten to taste. When cooked thick, flavor with vanilla, and when sufficiently cool pour into a glass dish. Serve very cold with whipped cream piled on top.

Prune Pudding.—One pound stewed prunes, whites of four eggs, one cupful of sugar. Drain the juice from the prunes, remove the stones and chop. Beat the eggs stiff, and the sugar gradually, then stir in the chopped prunes. Bake 20 minutes. Serve cold with whipped cream flavored with vanilla.

Rice Pudding.—Mix four cupfuls of milk, one-third cupful rice, one-half cupful seeded raisins, one-third cupful sugar and one-half teaspoonful salt. It is necessary to stir occasionally to prevent rice and raisins from settling to bottom of dish. If raisins are not used some flavoring should be added.

MANY USES FOR SARDINES

Suggestions for Dishes That Will Be Appreciated by Those Fond of the Delicacy.

Combined with tomatoes, sardines make delicious sandwiches. Pound a dozen of them to a paste with a little butter, squeeze some lemon juice over them and season with cayenne pepper. Butter thin slices of bread and cover with the mixture. On this place some thin slices of tomato, add pepper and salt, and cover with a slice of bread.

A pimento-sardine salad is both unusual and toothsome. Remove the bones from the sardines, chop and mix with an equal quantity each of chopped pimentos and celery and one-third the quantity each of olives and nut meats. Chill and serve in a border of jellied tomato with a rich mayonnaise dressing.

Stuffed sardines are tasty for informal lunches and suppers, and are easily prepared. Select the boneless variety which are put up in oil, open and fill with Parmesan cheese, press together and serve with sliced lemon.

Grilled sardines are good. Wash a can of large sardines and heat in a tablespoonful of butter. Pour over them a white sauce seasoned with a table sauce, lemon and parsley. Serve on toast.

Lemon Pop.

Half cake yeast, two pounds granulated sugar, two ounces ginger root, eight quarts boiling water, two ounces cream of tartar, juice of seven lemons.

Place ginger root (crushed) in pot, add sugar and boiling water, lemon juice and cream of tartar. Let stand until lukewarm, then add yeast dissolved in half cupful water; stir well. Cover and let stand eight hours in a warm room, strain through flannel bag and bottle. Set bottles in a cool place and put on ice as required for use.

This is a most refreshing summer beverage, as a thirst quencher nothing is superior.

Tomato Soup (Belgian Fashion).

Boil together six medium potatoes, a celery two leeks, two carrots and a pound of fresh tomatoes, with pepper, salt and a leaf of bay. Pass all through the sieve. Fry two or three chopped onions in some butter and add the soup to them. Boil up again for 20 minutes before serving. If you have no fresh tomatoes, the tinned ones can be used, removing the skin at the same time that you add the fried onions.

Creamed Sardines.

Melt four tablespoonsful of butter, add one-fourth cupful of soft, stale bread crumbs and one cupful of thin cream, and bring to the boiling point. Add one box of sardines, two hard-boiled eggs finely chopped one-half teaspoonful of salt and one-eighth teaspoonful each of pepper and paprika. Again bring to the boiling point, and serve on finger-shaped pieces of toast. Garnish with toast points.

Tongue and Egg Salad.

Cut cold tongue in thin slices, then cut again into pieces about one inch square; arrange a layer of tongue on fresh lettuce leaves, and on the tongue place a layer of hard-boiled eggs sliced thin; then another layer of tongue, and cover all with a good mayonnaise. Decorate the dish with slices of cold beets and parsley.

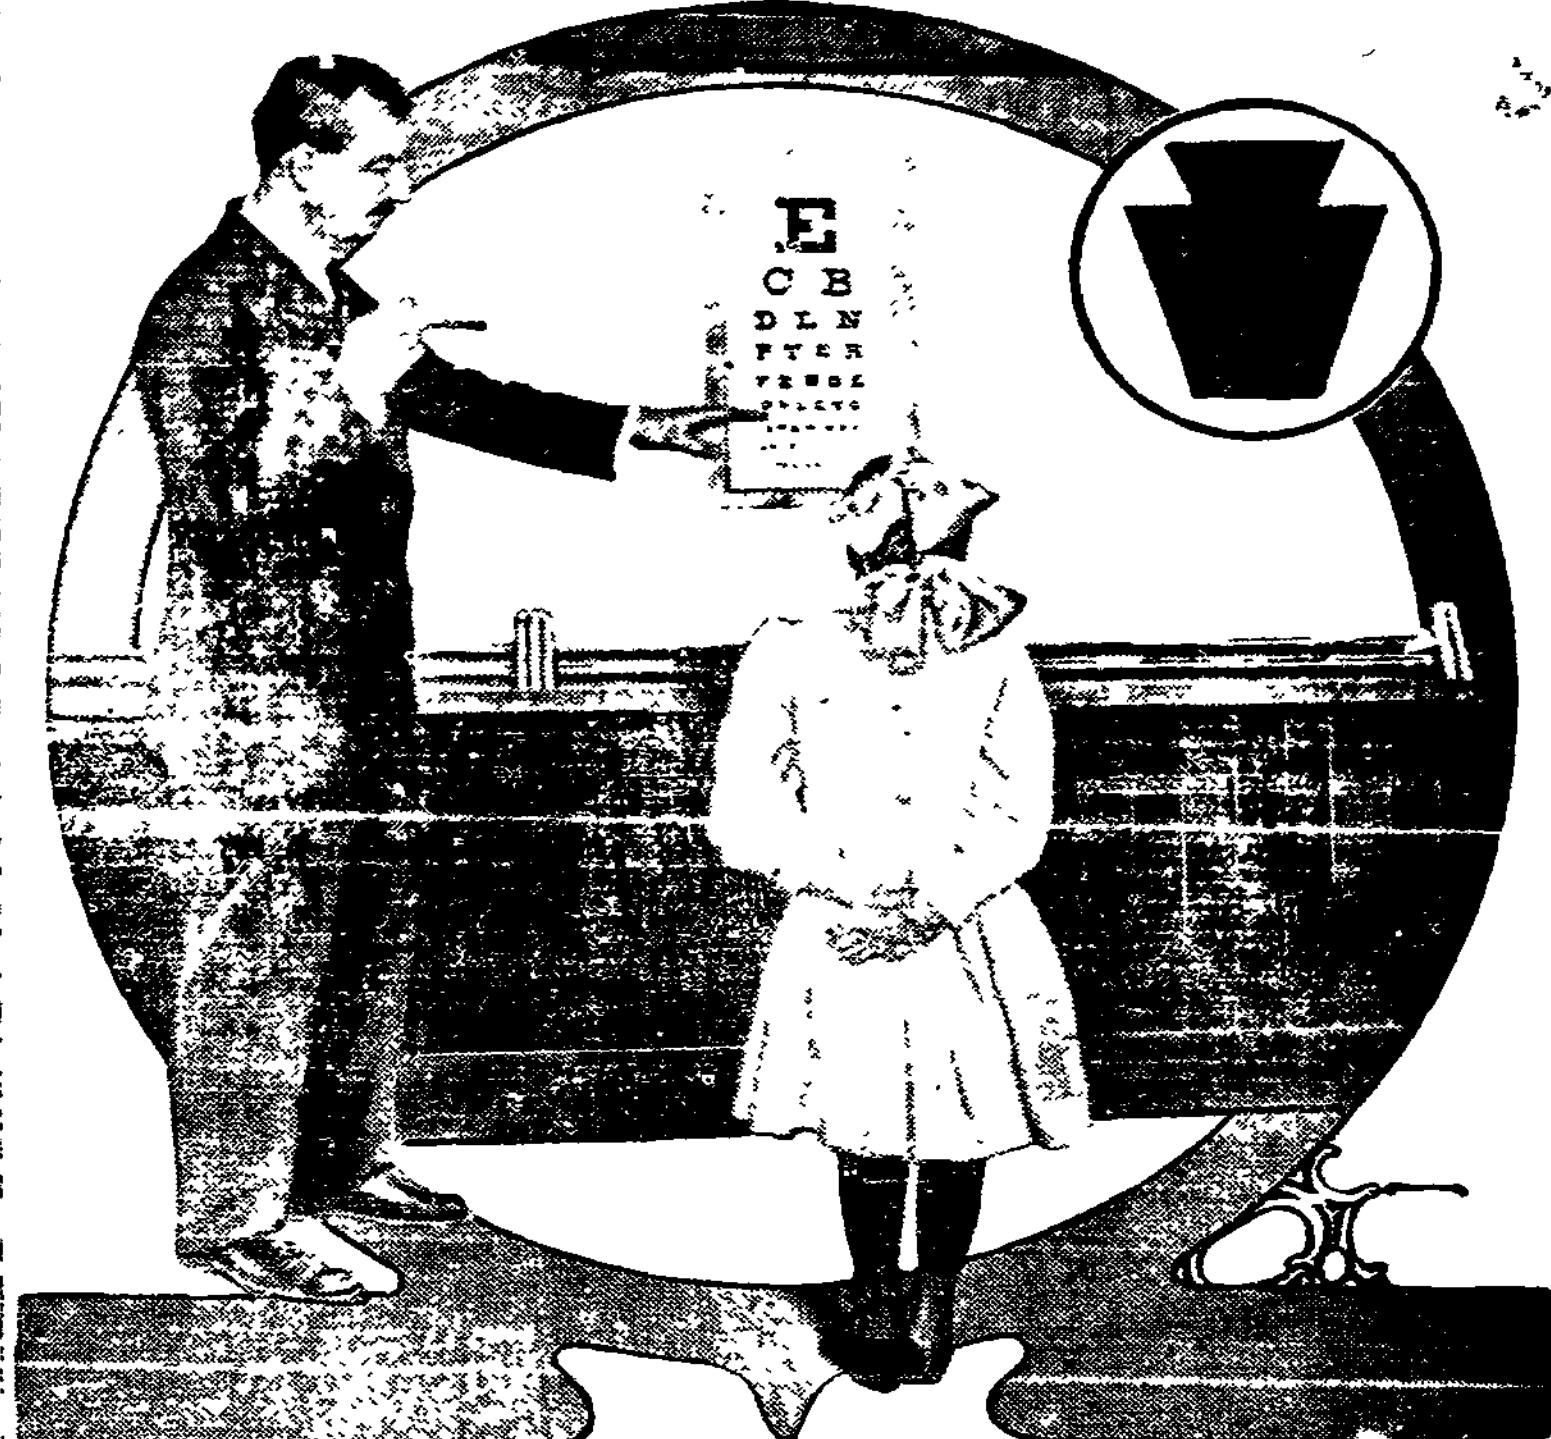

Baked Onions With Cheese.

Peel and cut in one-half-inch slices, large white onions. Parboil in salted water, drain, and arrange in a buttered baking dish with bits of butter, and bake until soft; then sprinkle with salt, pepper and a layer of grated cheese. Return to the oven long enough to melt the cheese.

Lemon in Your Coffee.

A slice of lemon in iced coffee adds as much to its tastiness as it does to that of iced tea, where it is more commonly used.

POOR EYESIGHT MAKES IDLE PUPILS

More than eighty-three thousand children in the rural schools of Pennsylvania were discovered to have defective eyesight during the medical inspection made in the school year of 1914 and 1915 under the direction of Commissioner of Health Samuel G. Dixon. Of this number 1,184 had defects of the right eye, 1,750 had defects of the left eye, and 5,514 had defects of both eyes.

The chart shown in the above picture is used in making the tests for errors of vision. Defects of the eyes are probably the commonest cause of children's failures to make their grades and progress with the other members of their classes. Astigmatism, nearsightedness or farsightedness often make it impossible for them to see the figures on the board or cause headaches and discomfort when they are obliged to apply themselves to the study of their books. This often results in apparent indifference or idleness on the part of the pupil which is very apt to be misunderstood by both the teacher and the parents, and the child itself is equally blameless and ignorant of the trouble.

RUN-DOWN WOMEN

We Have a Remedy That Will Cost You Nothing If it Does Not Help You.

Charlotti women will please realize that we mean just what we say in the above heading. Letters like the following prove the efficiency of Vinol in such cases:—

"For the benefit of the other tired women, I want to say that I keep house for seven in my family. I became run-down, all played out, I did not seem to have any life in me and looked badly. I read so much about Vinol I decided to try it and I must say it helped me in every way. It built me up so I felt like a new woman and my friends said they could see a great change in me." Mrs. John M. Waldron, Sartoga Springs, N. Y.

We recommend Vinol to our customers as the greatest strength creator we know—due to the extractive medicinal elements of fresh cod livers, without oil, combined with peptonate of iron and beef peptone, all dissolved in a pure medicinal wine.

Management is the difference between success and failure; between the man who does and the man who hopes.

BANK OF CHARLEROI

RESOURCES OVER \$1,500,000.00

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonful for 50 Cents.

If everything was sold in as liberal and fair a manner as Piper's Drug Store is selling Schiffman's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup, or any Bronchial affection, and we will return your money, just as we do with Schiffman's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonful, because 50c worth makes a whole pint (128 teaspoonfuls) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain choleform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffman's famous Asthmador of the chance of getting something worthless and also wasting your money. R. J. Schiffman, proprietor, St. Paul, Minn.

TWENTY-FIFTH ANNIVERSARY OF CHURCH IS CELEBRATED

The twenty-fifth anniversary of the organization of the First Presbyterian church is being celebrated this week. Sunday the date was remembered in the Sunday school. Then at the morning and evening church services Rev. A. J. Whippley preached on anniversary sermons. The prayer meeting Wednesday will be an anniversary service and on Friday evening a commemorative service will be held. At this time a history of the church will be read by J. S. Charters.

NO LACK OF HONEST BOYS

Los Angeles Lad Held Up as a Wonder Is One of Many That the Land May Claim.

A Los Angeles (Cal.) paper prints the account of the return to the owner of a five-dollar piece paid by accident to a newsboy. It seems to regard the incident as remarkable, and one phase of it was, but the paper overlooked this. There are many honest boys. The instincts of youth are predatory only in a mischievous fashion. In a real test, the average boy would come out with colors flying. The industrious lad who would steal is an exception. No normal boy accustomed to dealing in pennies could see an accidental gold coin in his day's collection without the immediate impulse to place it in the hands of the owner.

The remarkable phase of the incident was that the owner, upon receiving his coin, rewarded the boy with 50 cents. Doubtless the newsie felt more jubilation in possession of this honest piece of silver than in the larger piece that could have been retained only by a process virtually pilfering. Ordinarily the person who loves money and recovers it is remarkably stingy in the matter of reward. A nickel handed over in exchange for a fat purse rescued from the street is about the rule. Sometimes there is no proffer, but a look of dark suspicion.

It would be wise to have a statutory regulation of the whole matter. A reward of ten per cent would not be out of reason. If a poor person happens upon a vagrant roll of money, it is but natural that he become conscious of temptation. He has reason to think the owner will pay little or nothing and be more apt to display toward him a sort of resentment than gratitude. If he knew that under the law he was entitled to a fair commission, the temptation would vanish, the finder be satisfied, and the owner restrained from assuming the too frequent role of miser.

RATTLER IS MUCH MALIGNED

Hated Reptile Not Nearly So Black as He Has Been Painted by Those Who Do Not Like Him.

Rare, indeed, are wild creatures of this continent which are capable of causing the fear and respect that the rattlesnake causes.

A big part of the fear is unfounded. He's dangerous, but there's no use of being frightened at him. In the first place, he usually gives you an unmistakable warning, a little buzzing hiss which he makes with his tail.

He gives his warning with a set of shell-like rattles on the end of his tail, by which he is most easily distinguished from other snakes. It used to be a common belief that the snake added a rattle each year and that you could tell his age by the number of rattles. Now it is known that sometimes he will grow three rattles in a year and that old snakes sometimes lose a rattle or two.

His color varies from yellowish brown to dark brown. The snake is darkest just before he sheds his skin which may be two or three times a year. When he makes an attack he doesn't "leap through the air," and he cannot strike farther than his own length, usually not that far. Since the common rattlesnake rarely grows beyond five feet in length, you see his range is limited.

Nor is he so hungry for human flesh as most persons would imagine. He's very well satisfied with his diet of mice, rats—yes, and sometimes a squirrel or a rabbit. He eats enough mice and rats every year to make him the farmer's friend instead of a hated enemy.

Point to Consider.
"Dad," said the prodigal son, "now that I'm home again and have had my fling, I'm going to do something to make you proud of me."

"All right, son," answered the cautious father. "That's the way for you to talk, but I will reserve my congratulations until you make one point clear."

"Well, dad?"
"How much is this new venture of yours going to cost me?"

Time's Changes.
"I see that Fifi Flubdub, the actress, is so temperamental that she swoons at the door of tuberoses. So her management has to watch her constantly."

"Um. Time brings great changes. I knew her once, and she was raised on a block next to a gas house."

PERSONALS.

Miss Irene McBride of Charleroi visited her uncle, Thos. Hallinan of Pittsburgh and attended the Grand Theatre on Saturday.

Mr. and Mrs. William Steel of Monaca visited Mrs. Steele's mother, Mrs. George Arnold of McKean avenue.

Miss Gertrude Mangum and Miss Ida Kaula visited friends in Monaca on Saturday.

WILLIAM W. DAWSON DIES SUDDENLY AT BEALLSVILLE

Well Known Man Succumbs to Stroke Of Paralysis After Two Days Suffering—Was Granite Worker.

The sudden death of William W. Dawson occurred at Beallsville Saturday afternoon at 3 o'clock following a stroke of paralysis suffered Thursday night. Mr. Dawson had been in the best of health and was born town that night and was talking and joking with his friends. He was aged 61 years.

Funeral services were held from the home of Harvey H. Dawson Monday afternoon at 2 o'clock conducted by Rev. John King, pastor of the Beallsville Methodist Episcopal church. Interment was in the Beallsville cemetery.

Upon returning home from the store Thursday night Mr. Dawson prepared for bed and was suddenly stricken. He sank into a chair and called for assistance stating that he believed he had suffered a stroke. He retained consciousness until Friday morning and from that time he never rallied.

Mr. Dawson had been a lifelong resident of the Beallsville section. He was a son of John Rankin and Mary Jane Thornburg Dawson and was one of eight children. He never married and is survived by the following brothers and sisters: Harvey H. Dawson a well known marble dealer of Beallsville; Mrs. Charles Floyd, Miss Oella Dawson, Miss Sarah Frances Dawson and Mrs. Wilson L. Sargeant all of Beallsville section.

In politics Mr. Dawson was a Democrat. He was employed as a polisher in the granite shop of Dawson & Young.

MOTTS-SIKORA WEDDING IS AN EARLY MORNING EVENT

At St. Jerome's Catholic church this morning at 8 o'clock the wedding of Miss Mary Sikora, daughter of Mr. and Mrs. John Sikora of Donora to Harry Motts, son of Mr. and Mrs. Daniel Motts of Charleroi, took place the ceremony being performed by Rev. W. D. Fries, pastor of the church. The couple were attended by Mrs. Bridget Holden, an aunt of the groom and Harry Powell, a brother-in-law of the groom. The couple will live in Charleroi where Mr. Motts is employed at the Imperial Glass company.

DUNLEVY
